

## PRAISE FOR JOHN D. TRUDEL

### ***RAVEN'S RESURRECTION***

"John D. Trudel is one of the best writers in the Thriller genre, with his own unique voice and style. *Raven's Resurrection*, his 6<sup>th</sup> novel, raises the bar. It's a great read. Recommended!"

Robert Dugoni, #1 NY Times Best-Selling Author

"*Raven's Resurrection* is Trudel's best Thriller yet. Compelling characters, deadly weapons, Washington intrigue, ruthless *ihadists*, a secret Iranian Quds base, and deadly Russian spies as dubious allies. It could be real. You pray it's not."

Paul E Vallely, MG US Army Ret.

"John D. Trudel's latest Raven book moves at a lightening pace from vividly portrayed action to well-calculated psychological tension. Tight, cinema-graphic writing put the readers in a dangerous world that much resembles a darker version of the current USA. You'll want to keep the doors locked and the shades down!"

Anne Hillerman, Best-Selling Author, *Song of the Lion*

"*Raven's Resurrection* is an epic tale that is as close to reality as a thriller can be. Trudel weaves a complex series of events into a 'can't put it down' novel that will have you looking over your shoulder at every turn."

Joseph Badal, Amazon #1 Best-Selling Author, *Sins of the Fathers*

"Trudel continues the excellent *Raven's* series with another powerful thriller. The character of Raven continues to evolve. This is a book that you will get totally immersed in and won't want to put down."

Michael Connelly, Novelist and Constitutional Lawyer
